School Onboarding Process

Sign-up Process

1. Schools Pays as per the offer selected
2. Sign the Agreement and School Information Sheet
3. Provide dates for Club Launch, Orientation Sessions and Trainings

- 1 Welcome & On-Boarding Process- As soon as the School commits in any of the products a Relationship Manager would be assigned. He will be handholding for the successful running of the program.
- 2 Vision Syncing Session- To achieve the best from the given program it is best that all the teams i.e. the product and relationship team of wingxp is in sync with the strategy and execution team of schools
- 3 Management Training- Once the visions are synced the management and execution team will be given the training on product use and deployment so as to common achieve the common goals fromt
- 4 App/Web Deployment amongst students- In the final stage the product with its medium of choice by the school will be deployed to the students with an orientation towards the use of the clubs.
